

PLANNING NOW TO SEE 'TIGERS'

PULLMAN FROM HERE AND PERHAPS SPECIAL TRAIN.

TO MISSOURI-KANSAS GAME THANKSGIVING

Big Football Clash at Columbia Will Draw Crowd From Here—8,000 Expected There.

The announcement of C. L. Brewer, director of athletics at the University of Missouri, that the railroads would offer a fare of about half to the annual Missouri-Kansas game at Columbia has started the M. U. Adherents and football rooters here to talking of the plans to go to the big game.

Prof. C. A. Hawkins of the Normal faculty took up the matter of a special Pullman for Maryville people to run through to Columbia the night before Thanksgiving and to return the following night. Otho Robey, Wabash agent, has received a letter from H. C. Shields, division passenger agent at Omaha, stating that such a car will be furnished if eighteen berths are reserved.

Twenty-five from Maryville alone are known who are practically certain of going. There will be at least that many more from Nodaway county. The train fare will be about \$5, and the Pullman rates are \$2 each way for a standard Pullman or \$1 each way for a tourist.

May Get Special Train.

Mr. Shields also stated over the wire yesterday afternoon that he believed that a special train would be run if 100 tickets were guaranteed. This would start from Maryville Wednesday night, Nov. 24, unless sufficient number from Burlington Junction should ask for it to start there.

The matter of the special has been taken up with Wabash General Agent MacNamara in St. Louis by Mr. Shields. An effort will probably be made to get assurances from Albany, Pattonsburg, Stanberry, Gallatin and other towns along the Wabash to Omaha, from which large crowds have gone in other years.

J. Mason McDonald, superintendent of schools at Stanberry, was in Maryville Sunday. He said that no less than fifteen were planning to go from there. Chillicothe always sends at least fifty. If the special is run, a collection will be taken from the various towns and a banner strung along each side of the train, "Northwest Missouri Special to Missouri-Kansas Game."

8,000 Expected by Columbia.

Mr. Brewer told the Columbia Commercial club this week that the railroads and the football authorities confidently expected 8,000 in Columbia this year. Three thousand went in 1911; 5,000 two years ago, and the fact that the game is on Thanksgiving day this year instead of the Saturday before, as in recent years, is expected to bring a larger crowd.

Entertaining the great throng during the morning has always been a problem with the university. A parade is prepared and the cadets give a battalion drill, but that has not proved satisfactory. This year a football game of as much prominence and importance in Missouri collegiate circles as the afternoon game is in valley football will be played in the morning of Thanksgiving day at Columbia.

The Central college Eagles of Fayette will try to pluck the tail feathers of the Westminster Blue Jays from Fulton. This game has been played alternately in Fayette and Fulton in previous years on Thanksgiving day, and holds the records by several hundreds for college football attendance.

People in Maryville will be interested in seeing Westminster in action, as their coach, "Cap" Lemire, was in the Normal school here two years before going to the university, where he became captain in his senior year. It is

OFFERS A SPECIAL PRIZE

John W. Harman of Guilford to give \$2 for the Largest Ear of Corn Exhibited at Corn Show.

County Superintendent Bert Cooper, who is in charge of the Corn Show to be held here next week at the Normal, has received a letter from John W. Harman of Guilford, making an offer of \$2.00 as a premium for the largest ear of yellow corn shown at the show to measure eight inches from the butt end of the ear. Mr. Harman writes that he has seen an ear of corn that was eleven inches in girth and he is sure that this can be beaten even in Washington township.

WILL GO TO COUNCIL BLUFFS

Arthur Hogg, Agent of Adams Express, Has Been Promoted and Will Have Charge of Express There.

Arthur Hogg, agent of the Adams express, has been transferred to the agency at Council Bluffs, Ia., and will take charge November 1. It is a promotion for Mr. Hogg, the Council Bluffs position being a much better salaried one.

Mr. Hogg came to Maryville just a year ago October 1, and has been very successful, the business of the company showing a big increase since he has been here. He has made many friends in the city who wish him success in his new field.

MEXICAN ARMS EMBARGO

ONLY CARRANZISTAS WILL BE ALLOWED MUNITIONS.

Order Expected to Cause Collapse of Villa's Revolution, Coupled With Greatly Weakened Forces.

Special to The Democrat-Forum. Washington, Oct. 20.—An embargo on all arms to Mexico except those intended for the forces of Carranza was announced today by President Wilson. All munitions and war materials will be seized at the border unless there is every indication that the Carranzistas will receive them. Those ordered or desired by President Carranza of the Mexican nation, which was recognized by the American republics yesterday, will be permitted to pass.

The order is expected to bring about the collapse of the Villa revolution, coupled as it is with the wholesale demoralization and disorganization of his troops and their greatly weakened force.

CARRIED ONE N. J. COUNTY

Suffragists Lose First Eastern State by 50,000, But Assert They Are Not Discouraged.

Special to The Democrat-Forum. Trenton, N. J., Oct. 20.—Latest returns from the election for equal suffrage yesterday show that the amendment was lost by at least 50,000 majority. Only one county was carried by the women.

The count was close in most of the rural districts, but the cities rolled up huge majorities against the movement. All the suffrage leaders said that they were disappointed but not discouraged. Fraud and unfair tactics, especially colonization of voters, was claimed.

Two weeks from yesterday members of the legislature are to be elected, and the women immediately turned their attention to that election with a view to electing men favorable to their cause.

Miss Koch Home.

Miss Martha Koch has returned from a seven weeks visit at Harold, S. D., where she was the guest of her brother Adolph Koch and family.

Dispatches Tell of Teutonic Success Everywhere Except Galicia—Into Montenegro Soon.

Special to The Democrat-Forum. Athens, Oct. 20.—The four Bulgarian armies advancing into Servia along the 150-mile front are now only thirty-five miles from Nish. Violent fighting is reported in the vicinity of Vranje.

The Bulgarians have captured Ishtib and Cutchans and are advancing toward Uskub.

Berlin Claims 2,000 Prisoners.

Berlin, Oct. 20.—It is announced by the war office that the forces invading Servia continue to make progress. Two thousand prisoners were taken by the Bulgarians near Uskub.

They also captured Sultantepe and are advancing on Shabats. A Sofia dispatch also claims Egripalanka for the Bulgarians.

Austrians Into Montenegro.

Vienna, Oct. 20.—Twenty thousand Austrians are concentrated at Sarajevo ready for a campaign against Montenegro. It is believed that the advance will be begun at once.

But They're Retreating in Galicia.

Bucharest, Oct. 20.—The Austrians have been forced to abandon Czernowitz in Galicia, owing to the Russian success in breaking through the line on the Strypa river front.

Several Officers of Interned Warships Have Broken Parole and Escaped From the Country.

Special to The Democrat-Forum. Washington, Oct. 20.—The navy department is seriously considering the placing in a detention camp of the 500 officers and men of the two German warships interned in United States ports.

Three more of the officers have violated their parole and escaped from this country in disguise.

ASQUITH IS MUCH BETTER

But Crisis in His Cabinet Is Serious as Ever—Split by Irish Liberals Under Carson.

Special to The Democrat-Forum. London, Oct. 20.—Prime Minister Asquith's condition this morning is improving. He passed a satisfactory night and it is expected that he will soon be able to resume his duties.

Many predict the downfall of his cabinet, however, as the split is known to be large on the part of the Liberals. The French and Russian envoys discussed the Balkan situation with a part of the cabinet today.

Miss Kathleen Hurst of Tarkio, will arrive in the city tonight to spend a couple of days visiting Miss Mildred Robinson.

Mrs. Ira Frost was taken to St. Francis hospital this morning where she will undergo an operation.

DISCUSSIONS AND CONFERENCES IMPORTANT IN INSTITUTE.

ABOUT THE SPEAKERS

H. J. Waters, a National Figure in Agricultural Work—F. D. Coburn Another Kansas Celebrity.

"All of us together for better homes, better farms, better towns and better schools," says the slogan of the Farm and Home Institute which will be held in the State Normal school building, and under its auspices, the last four days of next week.

Women's conferences will be emphasized by the institute as one of the ways to improve life and to further the motto. Two of these conferences will be held Friday and Saturday afternoons. Effort will be made to encourage informal questions and discussion by the farm women.

Mrs. Lela Bellows will speak Friday afternoon on "Co-Operation in Community Life." Miss Hettie M. Anthony will speak in the afternoon on "Home Economics in Community Life." Miss Kneeland of the University of Missouri faculty will close the program with a talk on the various home problems.

Mrs. C. R. Green to Speak.

Miss Olive De Luce will give an illustrated lecture Saturday afternoon on "The Service of Art to the Home." She will be followed by Mrs. C. R. Green, wife of the pastor of Harmony church, who, with her husband, has made that community nationally famous. Her subject will be "The Contribution of Women to Community Development."

The most prominent woman speaker at the institute will be Mrs. Virginia C. Meredith of Cambridge City, Ind. She is president of the Indiana Home Economics association. Her subject at the conference Saturday following Mrs. Green, will be "The Great Woman." She will speak at a joint session of the Teachers' association and the institute Saturday morning on "Community Ideals."

Mrs. Meredith is a prominent contributor to farm papers and has been accorded a more important place than was ever given a woman in the institute programs before. She first gained notoriety by continuing the successful management of a large farm which had already become well known under her father and her husband.

Shorthorns in cattle and a flock of Southdowns have been her specialties, but her great interest has always been in community and neighborhood problems. The lifting of the ideals and plane of life of the women on the farm has been her great purpose. She was head of the women's department of Minnesota university for six years.

Waters a National Figure.

H. J. Waters, president of the Kansas State Agricultural college at Manhattan, is probably the best known of the speakers who will be here next week. He was given prominent consideration for the office of secretary of agriculture under President Wilson. The federal department of agriculture picked him from among all the agricultural experts in the country to go to the Philippines last year and make a report to Secretary Houston of the department on agricultural conditions and needs in that country.

Mr. Waters was dean of the college of agriculture of the University of Missouri before Kansas called him to a presidency. He is the author of a new text book on agriculture for secondary school which is already being widely used.

Kansas gives the institute its other "headliner." In F. D. Coburn, secretary of the state board of agriculture for more than twenty years, Nodaway county farmers are given the opportunity to hear a really great man.

Coburn a Great Agriculturist.

Perhaps the greatest proof of this is the fact that nomination for United States senator was given him in Kansas at a time when nomination meant election. He answered that he was doing a better and more desirable work upon the farms of his state. He has retired now because of his age and will devote the rest of his life to lectures and writing. Several of his books are recognized as authoritative, particularly that upon alfalfa upon which he knows more probably than any other man living. Friday morning will be his lecture periods in the sessions of the institute.

One of the guests of honor during the latter part of next week will be W. M. Oakerson, "father" of the Corn Show. He is now chief clerk in the

state department of education. He will speak to the teachers, probably Friday morning.

Mr. Oakerson started the Nodaway County Agricultural and Domestic Science Association and managed it for six years during which time the size of the exhibits grew and the interest among children and their parents increased until almost a thousand contestants will be here next week.

If you haven't been planning for a great time next week, almost anyone in Maryville or surrounding will tell you that it's time to begin.

RICHARDSON TO JAMESON

Normal President Will Speak at Dedication of State's Best Consolidated School—To Gallatin Also.

President Ira Richardson of the State Normal school will go to Jameson tonight to be the principal speaker at the dedication of the new Jameson high school. A great community celebration is being planned.

The Jameson high school now holds the honor of being the best consolidated community school in the state. A large number of school districts surrounding the town merged with the town district and a large building was built in the eastern edge of the town. The children will be called for and returned to their homes in busses furnished by the school board.

The Daviess County Teachers association meetings will be held in Gallatin Friday and Saturday, at which President Richardson will be one of the speakers. He will return to Maryville Saturday.

SHELDON FUNERAL THURS.

BURIAL FROM BUCHANAN STREET METHODIST CHURCH AT 2:30.

Interment Will Be in Miriam Cemetery—Had Lived in Maryville for Thirty-Seven Years.

Funeral services for E. B. Sheldon, who died at 3:30 o'clock yesterday afternoon at the Sheldon home, on West Second street, will be held at 2:30 o'clock Thursday afternoon at the Buchanan Street Methodist church. The services will be conducted by the pastor, the Rev. Robert C. Holliday, and the interment will be made in Miriam cemetery.

The body will lie in state at the home from 10:30 to 1 o'clock Thursday. Mr. Sheldon was 58 years old and had resided in Nodaway county since 1878. For many years he was employed as a traveling salesman, and is well known by many people all over the state. He was a member of the United Commercial Travelers lodge, and also of the Woodmen of the World.

Quite early in his life Mr. Sheldon united with the Buchanan Street Methodist church. He took a leading part in all of its activities and was one of the greatest workers in obtaining the handsome building which is the present church home. Mr. Sheldon was married November 25, 1880, to Miss Elizabeth Hefflin, a member of one of the oldest families in the county, and she, with four children, two sons and two daughters, survive. They are Orville and Cecil Sheldon, Mrs. William Joseph Dyson of Fayette, Mo., and Miss Maude Sheldon. Cecil, who is employed in Kansas City, and Miss Maude Sheldon, who is employed at Fulton, arrived in the city today. Both had visited their father just a short time ago. The elder son and Mrs. Dyson were at home at the time of his death. Mr. Dyson will also come to Maryville to attend the funeral.

FIRE KILLS MAN NEAR GUILFORD

WILLIAM GERDYKE LOSES LIFE IN HOME OF C. A. MILLER.

SMOKE CONFUSES OR OVERCOMES HIM

Boy Awakens Family, Who Escape by Ladders—House Total Loss for Second Time in 2 Years.

William Gerdyke of King City is dead, burned to death, and Charles A. Miller is standing with his family around the ruins of one of the finest homes in southeast Nodaway for the second time in two years. Only by the awakening of one of the boys was the probable death of the whole family averted about 4 o'clock this morning. Mr. Gerdyke was a driver for a King City livery, and had brought an insurance agent out to see Mr. Miller. The agent escaped safely with the family. It is thought that he was unmarried, about 25 years old. His arms and legs were burned off, but his body was still intact when found.

When one of the two boys wakened the family early this morning, the whole lower floor of the house was a roaring furnace. Mr. Miller jumped from a second-story window to the ground and rescued his wife, two sons and one guest from windows with a ladder.

The victim of the flames was sleeping in another part of the house. He was called to and answered but was not heard again. It is not known whether the smoke overcame him or that he went to the door instead of the window in his confusion. A ladder was placed in the window.

The location of his remains in the ruins indicates that he went out into the hall and fell into the fire, which had already consumed the stairway. Several of the family were scorched and Mr. Miller severely burned.

Third Fire Loss in Two Years.

A garage containing their automobile and several sheds were also burned. It is thought that the fire was started by the acetylene gas plant in the basement. He is very hard hit by the disaster, especially the death of his guest, and was almost hysterical most of the morning.

The Miller house was built two years ago, following a fire which destroyed their old home with all its furnishings. The house which burned last night was modern in every detail and was known as a model country home. It was nine miles southeast of Guilford, just over the Andrew county line.

The loss is estimated at \$7,000 or \$8,000, with a reasonable amount of insurance. The exact amount could not be learned. Mr. Miller lost an automobile by fire about a year ago.

Visit at Yates Farm.

Mr. and Mrs. Ben Cottrill of Emporia Kan., formerly of this city, and Mrs. John Hawley and son, Richard, of St. Joseph, drove to Maryville yesterday and visited until today with Mr. and Mrs. J. T. Yates and family living south of the city. The Cottrills will remain for a longer visit in St. Joseph.

To Visit in St. Joseph.

Mrs. M. A. Turner went to St. Joseph this morning, where she will spend the next ten days visiting her mother, Mrs. J. Miller, and her sister-in-law, Mrs. J. S. Ames, and other relatives.

many others.

We have arranged with the factory

The suffragettes got a big boost
when it was announced that President
Wilson would vote for suffrage in New
Jersey, but the antis got the next in-
ning when it became known that Mrs.
Wilson-to-be is not in favor of suf-
frage for women. And the voters seem
to have given their support to Mrs.
Wilson-to-be.

Exports from this country for the
first two weeks in October have
reached a record breaking total. A
large part were, of course, for use in
war, but the figures show a wide
range of goods and materials for pur-
poses other than military use are in-
cluded in the total, and that such ar-
ticles show a decided export increase
over similar periods before the war.
In many cases now a profitable busi-
ness is shown in lines that were sel-
dom or never exported prior to four-
teen months ago.

Standard Oil Buildings About Ready
for Finishing Work.

The new buildings which the Stand-
ard Oil company is erecting on their
property north of the Wabash freight
depot, are almost completed. The fram-
ing and roofs are all up and concrete
floors are being poured today.

The finishing carpenter work can be
done the first of next week. The barn
and warehouse is two stories high and
is built on the north side of the lots.
All the other buildings, of which there
are a loading house and a shelter shed,
are painted in a red barn paint and
make quite an addition to the indus-
trial appearance of that section of the
city.

NEW CHURCH DEDICATED.

Latter Day Saints Hold First Service
in Building at Guilford.

The dedication of the new Latter Day
Saints church at Guilford, Sunday was
attended by about 400 people.

Elder F. M. Sheley, minister in
charge of the mission at Independence,
Mo., conducted the services. Presi-
dent Elbert A. Smith of Lamoni, Ia.,
preached the dedication sermon at 11
o'clock taking for his sermon subject
"Love." The dedicatory prayer was
offered by Elder F. M. Sheley.

At noon a bountiful basket dinner
was enjoyed by all. Two other ser-
vices were held during the day, one
at 2:30 o'clock in the afternoon and
the other at 7:30 o'clock in the even-
ing. At both of these services, the
sermon was given by Mr. Sheley. The
music was in charge of W. T. Ross.

FREE FROM DANDRUFF

Save Your Hair! Double Its Beauty
in a Few Moments—Try This!

If you care for heavy hair, that glis-
tens with beauty and is radiant with
life; has an incomparable softness and
is fluffy and lustrous, try Danderine.
Just one application doubles the
beauty of your hair, besides it immedi-
ately dissolves every particle of dan-
druff; you cannot have nice, heavy,
healthy hair if you have dandruff.
This destructive scurf robs the hair of
its lustre, its strength and its very life,
and if not overcome it produces a fe-
verishness and itching of the scalp;
the hair roots famish, loosen and die;
then the hair falls out fast.

If your hair has been neglected and
is thin, faded, dry, scraggy or too
oily, get a 25-cent bottle of Knowlton's
Danderine at any drug store or toilet
counter; apply a little as directed and
ten minutes after you will say this was
the best investment you ever made.

We sincerely believe, regardless of
everything else advertised, that if you
desire soft, lustrous, beautiful hair
and lots of it—no dandruff—no itching
scalp and no more falling hair—you
must use Knowlton's Danderine. If
eventually—why not now.

OPENING SHOW GOOD ONE

"Prince of Tonight" at Empire Theater
This Evening, a Pleasing
Fantasy.

The fantastic musical comedy, "The
Prince of Tonight," by Adams, Hough
and Howard, with Tom Arnold as the
Prince, will be the attraction at the
Empire theater this evening.

The Prince, before he is transformed
into his remarkable kingdom, is Jim
Sutherland, a penniless college youth
in search of a position at Palm Beach,
Florida. The only position available
is that of a life-saver, requiring one
who is an expert swimmer. Sutherland
knows nothing of swimming; however,
he takes a chance. One of the daily
tasks is to aid in teaching the many
guests at the hotel to swim, yet under
all these trying conditions Sutherland
congratulates himself that he, though
"broke," is among the "four hundred
set." Sutherland falls in love with a
beautiful girl who loses no time in tel-
ling him that without wealth and social
position he is a hopeless case.

He is broken hearted, yet love will
find a way, and he seeks aid, through
an old gardener, who, for centuries,
has studied the mysteries of his cen-
tury plant when in bloom, and agrees
to transform the college youth through
the spell of his plant, into a prince of
the mythical land of Lunitania, but his
life is to end with the sinking of the
Moon, unless he is kissed by the girl
he loves.

He is given wealth and social posi-
tion, but devoid of heart during his
reign he scorns all offers of love, in-
cluding the beautiful heiress—even hu-
miliating her. The tragic hour for the
Moon to set arrives. He is about to
expire, when she flings her arms about
him and prints the kiss of deliverance
on his lips. She is the real life-saver
after all.

From a scenic standpoint the pro-
duction is magnificent, the costumes
are elaborate and the electric effects
are brilliant. There are eighteen mu-
sical numbers rendered by a chorus
for singing qualities are surpassed by
none.

SUNDAY MENTIONS MARYVILLE

Famous Evangelist in St. Joseph Said This Town Was One of the Finest He Ever Was In.

Billy Sunday, the famous evangelist, spoke at St. Joseph Monday night in the interest of the Union Mission of that city. In his opening remarks, Mr. Sunday said:

"I have spoken in three or four towns in Missouri—in Maryville, one of the finest towns I ever was in; in Joplin, years ago and yes, I spoke in St. Louis one night. I think Anneuser-Busch remembers my visit."

It is estimated that Sunday had an audience of 6,000 to hear him, and that 4,000 people were turned away being unable to get into the auditorium. It was the biggest crowd ever in the auditorium in that city.

Many people remember the Sunday meeting held in this city at the First

M. E. Church a number of years ago. They were quite successful and lasted three weeks. This was at the beginning of Sunday's career.

HOME PICTURES GOOD.

Crowding the Fern Theater Three Times a Night to See Amateurs.

Crowds which packed the Fern theater last night and Monday enjoyed greatly the acting of the local "stars," if one may judge from the audible expressions of humor and approval. They will be shown for the last time tonight.

The work of T. L. Wilderman as the taxi driver, even with his wrist broken, and of the "nifty and cityfied" arrest made by E. C. Moberly, are features which have not been mentioned before. Street scenes and a Maryville crowd which crowds around an accident are also interesting.

Meeting Day Changed.

The time of the specially called meeting of the federated clubs which was announced for 3:30 o'clock Friday afternoon at the Elks club has been changed to 3:30 o'clock Thursday afternoon. The meeting is an important one and all members are expected to attend.

Enjoy Evening.

A merry evening was spent last night at St. Mary's Catholic church at a social given by the young women of the congregation. The game prizes were won by Miss Agnes Brewer, Miss Katherine Zech, Lewis Graham and William Blatter. A luncheon followed the games.

Tourists Meet.

The second meeting of the Tourist department of the Twentieth Century club was held yesterday afternoon at the home of Mrs. R. L. McDougal of East First street. Mrs. C. C. Hellmers as leader of the program, gave an interesting description of the Japanese army. "Japan's position toward the United States" was very cleverly given by Mrs. Leslie Dean and "Japan's demand upon China" by Mrs. S. G. Gilliam. Following the study hour was a discussion led by Mrs. W. A. Miller upon the ways and means to cultivate the vacant lots in the city.

In Honor of Newly Weds.

Mr. and Mrs. Mort Smith of Arkoe, gave a tin shower Saturday night at their home in honor of their son and his bride, Mr. and Mrs. Walter Smith. The occasion was enjoyed by a large crowd of friends of the newly weds and they were remembered with an entire outfit of kitchen utensils. Sunday noon following, Mr. and Mrs. Smith further entertained with a dinner complimentary to the newly weds at which forty guests were dined. Previous to her marriage, Mrs. Smith was Miss Ethel Dick of Bedison. Mr. Smith and his bride will be at home on the Craig farm, two miles northwest of Maryville.

Given Handkerchief Shower.

Miss Mildred Robinson, a bride-to-be, was shown a courtesy last night by the members of the Mary Lawrence

Circle, who gave her a handkerchief shower, following the regular meeting held at the home of Mrs. J. D. Frank. Mrs. Frank and Miss Thelia Hogue were the hostesses of the evening. The program was in charge of Miss Hogue, and readings were given by Mrs. Henry Westfall, Miss Bertha Anderson, Miss Besse Porter and Miss Harriett Van Buren. Mrs. C. C. Drummond of Lincoln, Neb., who is a guest at the Frank home, made a very entertaining talk on mission work in India, which was her home for many years. Among the visitors present were Mrs. Westfall, Mrs. Drummond, Mrs. L. C. Crossan and Misses Laura and Florence Young.

Given Kensington Tea.

Mrs. Laura Beal, Miss Beal and Miss Bertha Beal gave a Kensington tea yesterday as a pre-nuptial courtesy to Miss Mildred Robinson, whose marriage to Mr. Edward Wright Gray takes place on October 29. The tea table, with places laid for twelve, was resplendent in its appointments of silver and cut glass. The color motif was green and white, and it was observed in every detail. The table was spread with a duchesse lace luncheon service, and in the center was a large vase of crystal and silver deposit filled with bride's roses, swansonia and maiden hair fern. Surrounding this were crystal candle holders of similar design and tied with bows of white tulle, was at each place. Long stemmed bride's roses were given as favors, and the place cards bore a miniature picture of a bride and groom. The chair occupied by the bride-elect, for whom the tea was in honor, was wound with broad white satin ribbons and decorated with butterfly bows of white tulle. The colors of green and white were carried through the menu served. The ices were in the shape of white wedding bells and the mints were of white, on which were the initials R. G. in green. When the guests were seated at the table, each made a wish and blew out the candle for luck. Instead of a candle at the guest of honor's place, Miss Robinson found an exquisite crystal picture frame, given as a courtesy favor for her. Mrs. Beal poured tea, and covers were laid for Miss Robinson, Mrs. F. P. Robinson, Mrs. T. L. Robinson, Mrs. Katherine Miller, Mrs. Charles T. Bell, Mrs. James B. Robinson, Mrs. George L. Wilfley, Miss Wilfley, Miss Geneva Wilfley, Miss Beal and Miss Bertha Beal.

Vick's "Vap-O-Rub" Salve Relieves by
Inhalation and Absorption.

No Dosing.

No need to take internal medicines or habit forming drugs for these troubles. When Vick's "Vap-O-Rub" Salve is applied to the heat of the body, soothing, medicated vapors are released that are inhaled all night long through the air passages to

the lungs. In addition, Vick's is absorbed through the skin, relieving the tightness and soreness.

Vick's can be applied over the throat and chest and covered with a warm flannel cloth—or a little put up the nostrils—or melt a little in a spoon and inhale the vapors arising. Also for Asthma and Hay Fever, rub Vick's well over the spinal column to relax the nervous tension. 25c, 50c, or \$1.00.

Firestone Faith

The Firestone ideas of motor-ing are founded on a belief in the wisdom and common sense of the motorist—and this faith has been justified. Firestone success has proven that the car owner wants safety, comfort and Most Miles per Dollar. He wants the quality that costs less to use. The Non-Skid lettering is an imprint of safety. You need it always—but particularly at this time of year. It holds the standard for endurance and economy. The letters prevent spin or skid in any direction, they radiate the heat of road friction, insure perfect traction with gasoline economy, car-protection and maximum comfort. Everywhere experienced motorists praise Firestone performance.

YALE DEAN ATTACKS KAISER

Theological Head, in Address to Convention of Congregational Churches, Scores Germans.

New Haven, Conn., Oct. 20.—"The march of progress was too much for Philip II of Spain. It was too much for Napoleon of Corsica. And, please God, it will be too much for William II of Potsdam."

In these words Dean Charles R. Brown of the Yale university school of religion tonight attacked the German Emperor before the national council of Congregational churches, from which he is retiring as moderator. At several other points in the course of his address he strongly condemned Germany and the German people.

He said, in part:

"We are met at a great crisis in the moral history of the race. The spiritual forces of that European civilization to which we owe so much seem for the hour to have broken down. Great nations have referred to their treaty obligations as mere scraps of

paper to be tossed aside for the sake of some immediate advantage. Politics have been pursued which show an insolent disregard for international law and for the usages of what is grimly called 'civilized warfare.' There has come an awful denial of the dictates of our common humanity. All this, done under official sanction with the hearty approval of the public press, and with an amazing amount of popular acclaim, has witnessed to the utter decay of a great national soul.

"We must bear ourselves among all nations, toward Japan and China, toward the warring countries across the sea, toward the representatives of all those lands here in our borders, in such a way that this land shall be indeed a Messianic nation in whose life all the nations of the earth shall be blessed.

"We are gradually recovering from that almost idolatrous reverence for a certain type of German scholarship which has been an incubus upon our church life. We have had foisted upon us in the past a mass of destructive Biblical criticism and of strained re-

ligious interpretation, stamped with this hall-mark, 'Made in Germany.' The praise was well chosen. The cold, technical erudition did not grow among the hills of Galilee or in those modern lands which have shown the largest measure and the finest quality of spiritual devotion. It was indeed 'Made in Germany.'"

Don't stay stuffed up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

14 MEXICAN BANDITS DEAD

Four Shot While Trying to Escape Across River—Most Were Carranzistas, It Appears.

Special to The Democrat-Forum. Brownsville, Texas, Oct. 20.—Four of the Mexicans who wrecked the train yesterday are reported to have been killed while trying to escape across the Rio Grande into Mexico.

The Rangers have definitely established that the marauders came from the Mexican side. Many are believed to be members of the Carranza army, for a dynamite bomb similar to those used by Carranza was found, and several sandals of the Carranzistas were picked up.

The death of the four brings the total number of bandits killed to fourteen.

More Black Troubadours.

Another troupe of traveling entertainers were with us last night. Four negroes with a bass viol, saxophone, banjo and guitar and several pairs of African vocal chords made merry in "our fair city." During the supper hour they played in the lobby of the Linville hotel. Later they were on the streets, and still later—say midnight—they played for some "owls" at the Elks club.

FEW CHINCH BUGS NEXT YEAR.

Heavy Rains and Disease Have Solved That Problem for Missouri.

The ranks of the chinch bugs have been so depleted and broken up by the heavy rains and the fungous disease that they will probably not appear in damaging numbers next year, according to T. J. Talbert of the Missouri College of Agriculture.

The field observations made last spring in different parts of the state showed an unusually large number of bugs and they indicated a most serious outbreak of the pest. Had it not been for the unusually wet season the chinch bug might have done a great deal more damage to grain crops than the rains and floods.

The reports of farmers and the field observations from all parts of the state made during August and September show that the chinch bugs are not numerous enough to do any serious harm the coming year.

Unfortunately the Hessian fly has not suffered so much and seems likely to cause great damage next year in many localities in which one or more men sowed wheat too early or failed to disk or plow volunteer wheat.

RAVENWOOD LYCEUM COURSE.

Drake Glee Club, Dr. Medbury, Dr. Idleman and J. T. Nichols Coming.

The course is Dr. Chas. S. Medbury, Dr. Fines Idleman, James T. Nichols and the Drake Men's Glee Club. Just a word about each of these numbers. Dr. Medbury is the pastor of the University Place Christian church, the largest congregation in that brotherhood. He is also a lecturer of note, spending each summer on the chautauqua platform. His lectures have been given in all the principal cities of the middle west. His coming to us is a rare privilege. His subject will be "Forty Million Young Folks."

Dr. Idleman is just as great as Dr. Medbury. He is pastor of another large Des Moines church, or has been for the past eleven years, but goes January 1st, to the First Church of New York City.

Then comes the Drake Glee Club, composed of sixteen of the best singers from that great University, giving an evening of old plantation melodies, solos, duets, quartettes, etc. Two hours of good music.

Last of all comes James T. Nichols, editor, lecturer, globe trotter. He has been around the world five or six times besides making special visits to Palestine, and other countries. He will take us on a great journey to any place we choose to go. The first number, given by Dr. Medbury will be given Friday evening, November 12th.—Ravenwood Gazette.

MARYVILLE, MISSOURI. WEDNESDAY, OCT 20, 1915.

NO. 119.

PLANNING NOW TO SEE 'TIGERS'

PULLMAN FROM HERE AND PERHAPS SPECIAL TRAIN.

TO MISSOURI-KANSAS GAME THANKSGIVING

Big Football Clash at Columbia Will Draw Crowd From Here—\$8,000 Expected There.

The announcement of C. L. Brewer, director of athletics at the University of Missouri, that the railroads would offer a fare of about half to the annual Missouri-Kansas game at Columbia has started the M. U. Adherents and football rooters here to talking of the plans to go to the big game.

Prof. C. A. Hawkins of the Normal faculty took up the matter of a special Pullman for Maryville people to run through to Columbia the night before Thanksgiving and to return the following night. Otho Robey, Wabash agent, has received a letter from H. C. Shields, division passenger agent at Omaha, stating that such a car will be furnished if eighteen berths are reserved.

Twenty-five from Maryville alone are known who are practically certain of going. There will be at least that many more from Nodaway county. The train fare will be about \$5, and the Pullman rates are \$2 each way for a standard Pullman or \$1 each way for a tourist.

May Get Special Train.

Mr. Shields also stated over the wire yesterday afternoon that he believed that a special train would be run if 100 tickets were guaranteed. This would start from Maryville Wednesday night, Nov. 24, unless sufficient number from Burlington Junction should ask for it to start there.

The matter of the special has been taken up with Wabash General Agent MacNamara in St. Louis by Mr. Shields. An effort will probably be made to get assurances from Albany, Pattonsburg, Stanberry, Gallatin and other towns along the Wabash to Omaha, from which large crowds have gone in other years.

J. Mason McDonald, superintendent of schools at Stanberry, was in Maryville Sunday. He said that no less than fifteen were planning to go from there.

Chillicothe always sends at least fifty. If the special is run, a collection will be taken from the various towns and a banner strung along each side of the train, "Northwest Missouri Special to Missouri-Kansas Game."

\$8,000 Expected by Columbia.

Mr. Brewer told the Columbia Commercial club this week that the railroads and the football authorities confidently expected \$8,000 in Columbia this year. Three thousand went in 1911; 5,000 two years ago, and the fact that the game is on Thanksgiving day this year instead of the Saturday before, as in recent years, is expected to bring a larger crowd.

Entertaining the great throng during the morning has always been a problem with the university. A parade is prepared and the cadets give a battalion drill, but that has not proved satisfactory. This year a football game of as much prominence and importance in Missouri collegiate circles as the afternoon game is in valley football will be played in the morning of Thanksgiving day at Columbia.

The Central college Eagles of Fayette will try to pluck the tail feathers of the Westminster Blue Jays from Fulton. This game has been played alternately in Fayette and Fulton in previous years on Thanksgiving day, and holds the records by several hundreds for college football attendance.

People in Maryville will be interested in seeing Westminster in action, as their coach, "Cap" Lemire, was in the Normal school here two years before going to the university, where he became captain in his senior year. It is (Continued on page 2.)

OFFERS A SPECIAL PRIZE

John W. Harman of Guilford to give \$2 for the Largest Ear of Corn Exhibited at Corn Show.

County Superintendent Bert Cooper, who is in charge of the Corn Show to be held here next week at the Normal, has received a letter from John W. Harman of Guilford, making an offer of \$2.00 as a premium for the largest ear of yellow corn shown at the show to measure eight inches from the butt end of the ear. Mr. Harman writes that he has seen an ear of corn that was eleven inches in girth and he is sure that this can be beaten even in Washington township.

WILL GO TO COUNCIL BLUFFS

Arthur Hogg, Agent of Adams Express, Has Been Promoted and Will Have Charge of Express There.

Arthur Hogg, agent of the Adams express, has been transferred to the agency at Council Bluffs, Ia., and will take charge November 1. It is a promotion for Mr. Hogg, the Council Bluffs position being a much better salaried one.

Mr. Hogg came to Maryville just a year ago October 1, and has been very successful, the business of the company showing a big increase since he has been here. He has made many friends in the city who wish him success in his new field.

MEXICAN ARMS EMBARGO

ONLY CARRANZISTAS WILL BE ALLOWED MUNITIONS.

Order Expected to Cause Collapse of Villa's Revolution, Coupled With Greatly Weakened Forces.

Special to The Democrat-Forum.

Washington, Oct. 20.—An embargo on all arms to Mexico except those intended for the forces of Carranza was announced today by President Wilson.

All ammunitions and war materials will be seized at the border unless there is every indication that the Carranzistas will receive them. Those ordered or desired by President Carranza of the Mexican nation, which was recognized by the American republics yesterday, will be permitted to pass.

The order is expected to bring about the collapse of the Villa revolution, coupled as it is with the wholesale demoralization and disorganization of his troops and their greatly weakened force.

CARRIED ONE N. J. COUNTY

Suffragists Lose First Eastern State by 50,000, But Assert They Are Not Discouraged.

Special to The Democrat-Forum.

Trenton, N. J., Oct. 20.—Latest returns from the election for equal suffrage yesterday show that the amendment was lost by at least 50,000 majority. Only one county was carried by the women.

The count was close in most of the rural districts, but the cities rolled up huge majorities against the movement.

All the suffrage leaders said that they were disappointed but not discouraged. Fraud and unfair tactics, especially colonization of voters, was claimed.

Two weeks from yesterday members of the legislature are to be elected, and the women immediately turned their attention to that election with a view to electing men favorable to their cause.

Athens, Oct. 20.—The four Bulgarian armies advancing into Servia along the 150-mile front are now only thirty-five miles from Nish. Violent fighting is reported in the vicinity of Vranje.

The Bulgarians have captured Isstib and Cotechans and are advancing toward Uskub.

Berlin Claims 2,000 Prisoners.

Berlin, Oct. 20.—It is announced by the war office that the forces invading Servia continue to make progress. Two thousand prisoners were taken by the Bulgarians near Uskub.

They also captured Sultantepe and are advancing on Shabats. A Sofia dispatch also claims Egrilanka for the Bulgarians.

Austrians Into Montenegro.

Vienna, Oct. 20.—Twenty thousand Austrians are concentrated at Sarajevo ready for a campaign against Montenegro. It is believed that the advance will be begun at once.

But They're Retreating in Galicia.

Bucharest, Oct. 20.—The Austrians have been forced to abandon Czernowitz in Galicia, owing to the Russian success in breaking through the line on the Strya river front.

ASQUITH IS MUCH BETTER

But Crisis in His Cabinet Is Serious as Ever—Split by Irish Liberals Under Carson.

Special to The Democrat-Forum.

London, Oct. 20.—Prime Minister Asquith's condition this morning is improving. He passed a satisfactory night and it is expected that he will soon be able to resume his duties.

Many predict the downfall of his cabinet, however, as the split is known to be large on the part of the Liberals. The French and Russian envoys discussed the Balkan situation with a part of the cabinet today.

DISCUSSIONS AND CONFERENCES IMPORTANT IN INSTITUTE.

H. J. Waters, a National Figure in Agricultural Work—F. D. Coburn Another Kansas Celebrity.

"All of us together for better homes, better farms, better towns and better schools," says the slogan of the Farm and Home Institute which will be held in the State Normal school building, and under its auspices, the last four days of next week.

Women's conferences will be emphasized by the institute as one of the ways to improve life and to further the motto. Two of these conferences will be held Friday and Saturday afternoons. Effort will be made to encourage informal questions and discussion by the farm women.

Mrs. Lela Bellows will speak Friday afternoon on "Co-Operation in Community Life." Miss Hettie M. Anthony will speak in the afternoon on "Home Economics in Community Life." Miss Kneeland of the University of Missouri faculty will close the program with a talk on the various home problems.

Mrs. C. R. Green to Speak.

Miss Olive De Luce will give an illustrated lecture Saturday afternoon on "The Service of Art to the Home." She will be followed by Mrs. C. R. Green, wife of the pastor of Harmony church, who, with her husband, has made that community nationally famous. Her subject will be "The Contribution of Women to Community Development."

The most prominent woman speaker at the institute will be Mrs. Virginia C. Meredith of Cambridge City, Ind. She is president of the Indiana Home Economics association. Her subject at the conference Saturday following Mrs. Green, will be "The Great Woman." She will speak at a joint session of the Teachers' association and the institute Saturday morning on "Community Ideals."

Mrs. Meredith is a prominent contributor to farm papers and has been accorded a more important place than was ever given a woman in the institute programs before. She first gained notoriety by continuing the successful management of a large farm which had already become well known under her father and her husband.

Shorthorns in cattle and a flock of Southdowns have been her specialties, but her great interest has always been in community and neighborhood problems. The lifting of the ideals and plane of life of the women on the farm has been her great purpose. She was head of the women's department of Minnesota university for six years.

Waters a National Figure.

H. J. Waters, president of the Kansas State Agricultural college at Manhattan, is probably the best known of the speakers who will be here next week. He was given prominent consideration for the office of secretary of agriculture under President Wilson.

The federal department of agriculture picked him from among all the agricultural experts in the country to go to the Philippines last year and make a report to Secretary Houston of the department on agricultural conditions and needs in that country.

Mr. Waters was dean of the college of agriculture of the University of Missouri before Kansas called him to a presidency. He is the author of a new text book on agriculture for secondary school which is already being widely used.

Kansas gives the institute its other "headliner." In F. D. Coburn, secretary of the state board of agriculture for more than twenty years, Nodaway county farmers are given the opportunity to hear a really great man.

Coburn a Great Agriculturist.

Perhaps the greatest proof of this is the fact that nomination for United States senator was given him in Kansas at a time when nomination meant election. He answered that he was doing a better and more desirable work upon the farms of his state.

He has retired now because of his age and will devote the rest of his life to lectures and writing. Several of his books are recognized as authoritative, particularly that upon alfalfa upon which he knows more probably than any other man living. Friday morning will be his lecture periods in the sessions of the institute.

One of the guests of honor during the latter part of next week will be W. M. Oakerson, "father" of the Corn Show. He is now chief clerk in the

state department of education. He will speak to the teachers, probably Friday morning.

Mr. Oakerson started the Nodaway County Agricultural and Domestic Science Association and managed it for six years during which time the size of the exhibits grew and the interest among children and their parents increased until almost a thousand contestants will be here next week.

If you haven't been planning for a great time next week, almost anyone in Maryville or surrounding will tell you that it's time to begin.

RICHARDSON TO JAMESON

Normal President Will Speak at Dedication of State's Best Consolidated School—To Gallatin Also.

President Ira Richardson of the State Normal school will go to Jameson tonight to be the principal speaker at the dedication of the new Jameson high school. A great community celebration is being planned.

The Jameson high school now holds the honor of being the best consolidated community school in the state. A large number of school districts surrounding the town merged with the town district and a large building was built in the eastern edge of the town. The children will be called for and returned to their homes in busses furnished by the school board.

The Daviess County Teachers association meetings will be held in Gallatin Friday and Saturday, at which President Richardson will be one of the speakers. He will return to Maryville Saturday.

SHELDON FUNERAL THURS.

BURIAL FROM BUCHANAN STREET METHODIST CHURCH AT 2:30.

Interment Will Be in Miriam Cemetery—Had Lived in Maryville for Thirty-Seven Years.

Funeral services for E. B. Sheldon, who died at 3:30 o'clock yesterday afternoon at the Sheldon home, on West Second street, will be held at 2:30 o'clock Thursday afternoon at the Buchanan Street Methodist church. The services will be conducted by the pastor, the Rev. Robert C. Holliday, and the interment will be made in Miriam cemetery.

The body will lie in state at the home from 10:30 to 1 o'clock Thursday.

Mr. Sheldon was 58 years old and had resided in Nodaway county since 1878. For many years he was employed as a traveling salesman, and is well known by many people all over the state. He was a member of the United Commercial Travelers lodge, and also of the Woodmen of the World.

Quite early in his life Mr. Sheldon united with the Buchanan Street Methodist church. He took a leading part in all of its activities and was one of the greatest workers in obtaining the handsome building which is the present church home.

Mr. Sheldon was married November 25, 1880, to Miss Elizabeth Hefflin, a member of one of the oldest families in the county, and she, with four children, two sons and two daughters, survive. They are Orville and Cecil Sheldon, Mrs. William Joseph Dyson of Fayette, Mo., and Miss Maude Sheldon, Cecil, who is employed in Kansas City, and Miss Maude Sheldon, who is employed at Fulton, arrived in the city today. Both had visited their father just a short time ago. The elder son and Mrs. Dyson were at home at the time of his death. Mr. Dyson will also come to Maryville to attend the funeral.

FIRE KILLS MAN NEAR GUILFORD

WILLIAM GERDYKE LOSES LIFE IN HOME OF C. A. MILLER.

SMOKE CONFUSES OR OVERCOMES HIM

Boy Awakens Family, Who Escape by Ladders—House Total Loss for Second Time in 2 Years.

William Gerdyke of King City is dead, burned to death, and Charles A. Miller is standing with his family around the ruins of one of the finest homes in southeast Nodaway for the second time in two years. Only by the awakening of one of the boys was the probable death of the whole family averted about 4 o'clock this morning.

Mr. Gerdyke was a driver for a King City livery, and had brought an insurance agent out to see Mr. Miller. The agent escaped safely with the family. It is thought that he was unmarried, about 25 years old. His arms and legs were burned off, but his body was still intact when found.

When one of the two boys awakened the family early this morning, the whole lower floor of the house was a roaring furnace. Mr. Miller jumped from a second-story window to the ground and rescued his wife, two sons and one guest from windows with a ladder.

The victim of the flames was sleeping in another part of the house. He was called to and answered but was not heard again. It is not known whether the smoke overcame him or that he went to the door instead of the window in his confusion. A ladder was placed in the window.

The location of his remains in the ruins indicates that he went out into the hall and fell into the fire, which had already consumed the stairway. Several of the family were scorched and Mr. Miller severely burned.

Third Fire Loss in Two Years.

A garage containing their automobile and several sheds were also burned. It is thought that the fire was started by the acetylene gas plant in the basement. He is very hard hit by the disaster, especially the death of his guest, and was almost hysterical most of the morning.

The Miller house was built two years ago, following a fire which destroyed their old home with all its furnishings. The house which burned last night was modern in every detail and was known as a model country home. It was nine miles southeast of Guilford, just over the Andrew county line.

The loss is estimated at \$7,000 or \$8,000, with a reasonable amount of insurance. The exact amount could not be learned. Mr. Miller lost an automobile by fire about a year ago.

Visit at Yates Farm.

Mr. and Mrs. Ben Cottrill of Emporia Kan., formerly of this city, and Mrs. John Hawley and son, Richard, of St. Joseph, drove to Maryville yesterday and visited until today with Mr. and Mrs. J. T. Yates and family living south of the city. The Cottrills will remain for a longer visit in St. Joseph.

History of Edison Free

We have new examples of Mr. Edison's wonderful recreation of music. We shall be glad to play for you the same records that will be used at the Panama-Pacific exposition by Miss Christine Miller in the wonderful tone test she is to make there on Edison day, October 21st, to demonstrate that the Edison Diamond Disc's re-creation of music is indistinguishable from the original. Miss Miller will sing at San Francisco in unison with her own records—the most remarkable test ever made in connection with the art of reproducing sound. Come to our store during this week, Edison week, and hear these same records, as well as many others.

We have arranged with the factory for a limited supply of a souvenir biography of Mr. Edison, which will be mailed to those who attend our recitals during Edison week and register their names, or who bring or send this clipping to Koch Pharmacy.

The Democrat-Forum backs up its circulation talk with an invitation to any advertiser to come and verify its figures for himself. Whether it takes an hour or a week to satisfy himself, he is welcome to come and investigate in any and every way he chooses.

The suffragettes got a big boost when it was announced that President Wilson would vote for suffrage in New Jersey, but the anti's got the next inning when it became known that Mrs. Wilson-to-be is not in favor of suffrage for women. And the voters seem to have given their support to Mrs. Wilson-to-be.

Exports from this country for the first two weeks in October have reached a record breaking total. A large part were, of course, for use in war, but the figures show a wide range of goods and materials for purposes other than military use are included in the total, and that such articles show a decided export increase over similar periods before the war. In many cases now a profitable business is shown in lines that were seldom or never exported prior to fourteen months ago.

IMPROVEMENTS PROGRESSING.

Standard Oil Buildings Already Ready for Finishing Work.

The new buildings which the Standard Oil company is erecting on their property north of the Wabash freight depot, are almost completed. The framing and roofs are all up and concrete floors are being poured today.

The finishing carpenter work can be done the first of next week. The barn and warehouse is two stories high and is built on the north side of the lots. All the other buildings, of which there are a loading house and a shelter shed, are painted in a red barn paint and make quite an addition to the industrial appearance of that section of the city.

NEW CHURCH DEDICATED.

Latter Day Saints Hold First Service in Building at Guilford.

The dedication of the new Latter Day Saints church at Guilford, Sunday was attended by about 400 people.

Elder F. M. Sheley, minister in charge of the mission at Independence, Mo., conducted the services. President Elbert A. Smith of Lamoni, Ia., preached the dedication sermon at 11 o'clock taking for his sermon subject "Love." The dedicatory prayer was offered by Elder F. M. Sheley.

At noon a bountiful basket dinner was enjoyed by all. Two other services were held during the day, one at 2:30 o'clock in the afternoon and the other at 7:30 o'clock in the evening. At both of these services, the sermon was given by Mr. Sheley. The music was in charge of W. T. Ross.

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save Your Hair! Double Its Beauty in a Few Moments—Try This!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now.

OPENING SHOW GOOD ONE

"Prince of Tonight" at Empire Theater This Evening, a Pleasing Fantasy.

The fantastic musical comedy, "The Prince of Tonight," by Adams, Hough and Howard, with Tom Arnold as the Prince, will be the attraction at the Empire theater this evening.

The Prince, before he is transformed into his remarkable kingdom, is Jim Sutherland, a penniless college youth in search of a position at Palm Beach, Florida. The only position available is that of a life-saver, requiring one who is an expert swimmer. Sutherland knows nothing of swimming; however, he takes a chance. One of the daily tasks is to aid in teaching the many guests at the hotel to swim, yet under all these trying conditions Sutherland congratulates himself that he, though "broke," is among the "four hundred set." Sutherland falls in love with a beautiful girl who loses no time in telling him that without wealth and social position he is a hopeless case.

He is broken hearted, yet love will find a way, and he seeks aid, through an old gardener, who, for centuries, has studied the mysteries of his century plant when in bloom, and agrees to transform the college youth through the spell of his plant, into a prince of the mythical land of Lunitania, but his life is to end with the sinking of the Moon, unless he is kissed by the girl he loves.

He is given wealth and social position, but devoid of heart during his reign he scorns all offers of love, including the beautiful heiress—even humiliating her. The tragic hour for the Moon to set arrives. He is about to expire, when she flings her arms about him and prints the kiss of deliverance on his lips. She is the real life-saver after all.

From a scenic standpoint the production is magnificent, the costumes are elaborate and the electric effects are brilliant. There are eighteen musical numbers rendered by a chorus for singing qualities are surpassed by none.

SUNDAY MENTIONS MARYVILLE

Famous Evangelist in St. Joseph Said This Town Was One of the Finest He Ever Was In.

Billy Sunday, the famous evangelist, spoke at St. Joseph Monday night in the interest of the Union Mission of that city. In his opening remarks, Mr. Sunday said:

"I have spoken in three or four towns in Missouri—in Maryville, one of the finest towns I ever was in; in Joplin, years ago and yes, I spoke in St. Louis one night. I think Anheuser-Busch remembers my visit."

It is estimated that Sunday had an audience of 6,000 to hear him, and that 4,000 people were turned away being unable to get into the auditorium. It was the biggest crowd ever in the auditorium in that city.

Many people remember the Sunday meeting held in this city at the First

M. E. Church a number of years ago. They were quite successful and lasted three weeks. This was at the beginning of Sunday's career.

HOME PICTURES GOOD.

Crowding the Fern Theater Three Times a Night to See Amateurs.

Crowds which packed the Fern theater last night and Monday enjoyed greatly the acting of the local "stars," if one may judge from the audible expressions of humor and approval. They will be shown for the last time tonight.

The work of T. L. Wilderman as the taxi driver, even with his wrist broken, and of the "nifty and cityfied" arrest made by E. C. Moberly, are features which have not been mentioned before. Street scenes and a Maryville crowd which crowds around an accident are also interesting.

Meeting Day Changed.

The time of the specially called meeting of the federated clubs which was announced for 3:30 o'clock Friday afternoon at the Elks club has been changed to 3:30 o'clock Thursday afternoon. The meeting is an important one and all members are expected to attend.

Enjoy Evening.

A merry evening was spent last night at St. Mary's Catholic church at a social given by the young women of the congregation. The game prizes were won by Miss Agnes Brewer, Miss Katherine Zech, Lewis Graham and William Blatter. A luncheon followed the games.

Tourists Meet.

The second meeting of the Tourist department of the Twentieth Century club was held yesterday afternoon at the home of Mrs. R. L. McDougal of East First street. Mrs. C. C. Hellmers as leader of the program, gave an interesting description of the Japanese army. "Japan's position toward the United States" was very cleverly given by Mrs. Leslie Dean and "Japan's demand upon China" by Mrs. S. G. Gilliam. Following the study hour was a discussion led by Mrs. W. A. Miller upon the ways and means to cultivate the vacant lots in the city.

In Honor of Newly Weds.

Mr. and Mrs. Mort Smith of Arkoe, gave a tin shower Saturday night at their home in honor of their son and his bride, Mr. and Mrs. Walter Smith. The occasion was enjoyed by a large crowd of friends of the newly weds and they were remembered with an entire outfit of kitchen utensils. Sunday noon following, Mr. and Mrs. Smith further entertained with a dinner complimentary to the newly weds at which forty guests were dined. Previous to her marriage, Mrs. Smith was Miss Ethel Dick of Bedison. Mr. Smith and his bride will be at home on the Craig farm, two miles northwest of Maryville.

Given Handkerchief Shower.

Miss Mildred Robinson, a bride-to-be, was shown a courtesy last night by the members of the Mary Lawrence

Circle, who gave her a handkerchief shower, following the regular meeting held at the home of Mrs. J. D. Frank. Mrs. Frank and Miss Thelia Hogue were the hostesses of the evening. The program was in charge of Miss Hogue, and readings were given by Mrs. Henry Westfall, Miss Bertha Anderson, Miss Besse Porter and Miss Harriett Van Buren. Mrs. C. C. Drummond of Lincoln, Neb., who is a guest at the Frank home, made a very entertaining talk on mission work in India, which was her home for many years. Among the visitors present were Mrs. Westfall, Mrs. Drummond, Mrs. L. C. Crossan and Misses Laura and Florence Young.

Given Kensington Tea.

Mrs. Laura Beal, Miss Beal and Miss Bertha Beal gave a Kensington tea yesterday as a pre-nuptial courtesy to Miss Mildred Robinson, whose marriage to Mr. Edward Wright Gray takes place on October 29. The tea table, with places laid for twelve, was resplendent in its appointments of silver and cut glass. The color motif was green and white, and it was observed in every detail. The table was spread with a duchesse lace luncheon service, and in the center was a large vase of crystal and silver deposit filled with bride's roses, swansonia and maiden hair fern. Surrounding this were crystal candle holders with white tapers and ornamented with French boutonnières of tiny white flowers. A smaller candle holder of similar design and tied with bows of white tulle, was at each place. Long stemmed bride's roses were given as favors, and the place cards bore a miniature picture of a bride and groom. The chair occupied by the bride-elect, for whom the tea was in honor, was wound with broad white satin ribbons and decorated with butterfly bows of white tulle. The colors of green and white were carried through the menu served. The ices were in the shape of white wedding bells and the mints were of white, on which were the initials R. G. in green. When the guests were seated at the table, each made a wish and blew out the candle for luck. Instead of a candle at the guest of honor's place, Miss Robinson found an exquisite crystal picture frame, given as a courtesy favor for her. Mrs. Beal poured tea, and covers were laid for Miss Robinson, Mrs. F. P. Robinson, Mrs. T. L. Robinson, Mrs. Katherine Miller, Mrs. Charles T. Bell, Mrs. James B. Robinson, Mrs. George L. Wilfley, Miss Wilfley, Miss Geneva Wilfley, Miss Beal and Miss Bertha Beal.

YALE DEAN ATTACKS KAISER

Theological Head, in Address to Con-
vention of Congregational Churches,
Scores Germans.

New Haven, Conn., Oct. 20.—"The
march of progress was too much for
Philip II of Spain. It was too much
for Napoleon of Corsica. And, please
God, it will be too much for William II
of Potsdam."

In these words Dean Charles R.
Brown of the Yale university school of
religion tonight attacked the German
Emperor before the national council of
Congregational churches, from which
he is retiring as moderator. At sev-
eral other points in the course of his
address he strongly condemned Ger-
many and the German people.

He said, in part:

"We are met at a great crisis in the
moral history of the race. The spiri-
tual forces of that European civiliza-
tion to which we owe so much seem
for the hour to have broken down.
Great nations have referred to their
treaty obligations as mere scraps of

paper to be tossed aside for the sake
of some immediate advantage. Politics
have been pursued which show an in-
solent disregard for international law
and for the usages of what is grimly
called 'civilized warfare.' There has
come an awful denial of the dictates of
our common humanity. All this, done
under official sanction with the hearty
approval of the public press, and with
an amazing amount of popular acclaim,
has witnessed to the utter decay of a
great national soul.

"We must bear ourselves among all
nations, toward Japan and China, to-
ward the warring countries across the
sea, toward the representatives of all
those lands here in our borders, in
such a way that this land shall be in-
deed a Messianic nation in whose life
all the nations of the earth shall be
blessed.

"We are gradually recovering from
that almost idolatrous reverence for
a certain type of German scholarship
which has been an incubus upon our
church life. We have had foisted upon
us in the past a mass of destructive
Biblical criticism and of strained re-

ligious interpretation, stamped with
this hall-mark, 'Made in Germany.' The
praise was well chosen. The cold,
technical erudition did not grow
among the hills of Galilee or in those
moor lands which have shown the
largest measure and the finest quality
of spiritual devotion. It was indeed
'Made in Germany.'"

without assistance, tastes nice, and
causes no inconvenience. Don't accept
a substitute.

14 MEXICAN BANDITS DEAD

Four Shot While Trying to Escape
Across River—Most Were Carran-
zistas, It Appears.

Special to The Democrat-Forum.
Brownsville, Texas, Oct. 20.—Four
of the Mexicans who wrecked the train
yesterday are reported to have been
killed while trying to escape across
the Rio Grande into Mexico.

The Rangers have definitely estab-
lished that the marauders came from
the Mexican side. Many are believed
to be members of the Carranza army,
for a dynamite bomb similar to those
used by Carranza was found, and sev-
eral sandals of the Carranzistas were
picked up.

The death of the four brings the to-
tal number of bandits killed to four-
teen.

More Black Troubadours.

Another troupe of traveling enter-
tainers were with us last night. Four
negroes with a bass viol, saxophone,
banjo and guitar and several pairs of
African vocal chords made merry in
"our fair city." During the supper
hour they played in the lobby of the
Linville hotel. Later they were on
the streets, and still later—say mid-
night—they played for some "owls" at
the Elks club.

FEW CHINCH BUGS NEXT YEAR.

Heavy Rains and Disease Have Solved
That Problem for Missouri.

The ranks of the chinch bugs have
been so depleted and broken up by
the heavy rains and the fungous dis-
ease that they will probably not ap-
pear in damaging numbers next year,
according to T. J. Talbert of the Mis-
souri College of Agriculture.

The field observations made last
spring in different parts of the state
showed an unusually large number
of bugs and they indicated a most
serious outbreak of the pest. Had
it not been for the unusually wet sea-
son the chinch bug might have done
a great deal more damage to grain
crops than the rains and floods.

The reports of farmers and the field
observations from all parts of the
state made during August and Septem-
ber show that the chinch bugs are not
numerous enough to do any serious
harm the coming year.

Unfortunately the Hessian fly has
not suffered so much and seems likely
to cause great damage next year in
many localities in which one or more
men sowed wheat too early or failed
to disk or plow volunteer wheat.

RAVENWOOD LYCEUM COURSE.

Drake Glee Club, Dr. Medbury, Dr.
Idleman and J. T. Nichols Coming.

The course is Dr. Chas. S. Medbury,
Dr. Fines Idleman, James T. Nichols
and the Drake Men's Glee Club. Just
a word about each of these numbers.
Dr. Medbury is the pastor of the Uni-
versity Place Christian church, the
largest congregation in that brother-
hood. He is also a lecturer of note,
spending each summer on the cha-
teauqua platform. His lectures have
been given in all the principal cities
of the middle west. His coming to us
is a rare privilege. His subject will
be "Forty Million Young Folks."

Dr. Idleman is just as great as Dr.
Medbury. He is pastor of another
large Des Moines church, or has been
for the past eleven years, but goes
January 1st, to the First Church of
New York City.

Then comes the Drake Glee Club,
composed of sixteen of the best sing-
ers from that great University, giving
an evening of old plantation melodies,
solos, duets, quartettes, etc. Two
hours of good music.

Last of all comes James T. Nichols,
editor, lecturer, globe trotter. He has
been around the world five or six times
besides making special visits to Pal-
estine, and other countries. He will
take us on a great journey to any
place we choose to go. The first num-
ber, given by Dr. Medbury will be
given Friday evening, November 12th.—
